Re: Changes to community assembly routines

Dear Parents and Carers

Whilst the school is expanding we are really keen to retain our whole school family ethos and feel that our Friday morning assembly is a really important part of this. We have looked at the options for continuing to have all children in assembly and their parents/carers when they are receiving a school award or performing. From Friday 20th April onwards assembly will have a 9am start:

Welcome and birthdays for that week

School awards

Gold Book

Star of the Week

(Followed by class assembly if allocated on that day)

Please note that awards from outside of school can no longer be accommodated in assembly. Whilst this may be disappointing for you, it does mean that assembly time is appropriately shorter and that there will be less parents on any given Friday. This then allows us to stay within the statutory fire requirements for the school hall and continue to meet as a whole school.

Thank you for your support with this change.

Kind regards

Moya Whitehead
